JCM Trailer

New posting on our "Columns" and Facebook page.

- JCM Trailer --

A trailer with current JCM facts has been produced. Please check it out!

The trailer is aiming at communicating the attractions of the JCM by using infographics that shows the JCM progress, and also plenty of photos related to project sites in progress of low-carbon technology introduction through the JCM.

The trailer has been shown in side events of COP23, which results in a favorable reputation. It will be on the second-run on 14th December, 2017 at the opening of the JCM Side Event "Innovation, deployment, and transfer of low-carbon technology through the Joint Crediting Mechanism (JCM)" at Asia Pacific Carbon Forum (APCF), Bangkok, Thailand, followed by presentations about the JCM and discussions with officials from the JCM partner countries.
