

The Article 6.2 mechanism: Synergistic approach to contribute to NDCs implementation and SDG achievement

Date 10 December 2019

Time 18:30 - 20:00

Venue UNFCCC Side Event Room 4

Article 6 of the PA offers opportunities for Parties to voluntarily cooperate to promote NDC implementation and sustainable development. Market mechanisms including the Joint Crediting Mechanism (JCM) have been delivering GHG emission reductions and co-benefits for Sustainable Development. Progress and potential of market mechanisms and the JCM for contributing to SDGs will be shared & discussed.

Agenda

Introduction

Moderator : Prof. Dr. Kazuhiko Takemoto, President, OECC

Presentations

Realizing SDGs- maximizing potentials of the JCM in contributing to sustainable development

Mr. Makoto Kato, General Manager/Principal Researcher, OECC

JCM Good practices of creating co-benefits for sustainable development (SDGs)

Ms. Maiko Uga, Office of Market Mechanisms, Ministry of the Environment, Japan

Alignment of sustainable development and the Article 6 / Article 6 Support Facility

Mr. Virender K. Duggal, Principal Climate Change Specialist, Asian Development Bank
