◆1. Event information -----

[1] [Results] UNFCCC COP26: Side Event: Implementing the JCM and creating various benefits for stakeholders

Ministry of the Environment and the OECC co-organize a side event regarding the JCM on 8 November, 10:30 – 12:00 at Japan Pavilion in COP26.

The JCM is implemented through bilateral cooperation between Japan and 17 partner countries to promote diffusion of decarbonizing technologies and GHG mitigation. A part of the quantified GHG emission reduction to be used to achieve Japan's emission reduction target, and the JCM also contributes to NDC implementation in partner countries. In addition, the JCM generates various co-benefits as well as GHG mitigation which contribute to sustainable development including SDG in partner countries. This event focused on such JCM's roles and benefits through the survey result by JCM relevant organizations and the latest updates from partner countries.
