

Webinar for the Joint Crediting Mechanism (JCM) in Africa

The Ministry of the Environment, Government of Japan intends to organize an online seminar to introduce the Joint Crediting Mechanism (JCM) to various stakeholders in African countries. The government of Japan is promoting dissemination of advanced decarbonizing or low-carbon technologies through the JCM. The online seminar will be attended by government officials and related private entities in the climate change-related sector in the African countries, and it aims at sharing an overview of the JCM and encouraging an understanding of how the JCM can contribute to sustainable development.

Date & Time : Thursday, 15 September 2022,
